EMT-3 Student Venipuncture Verification Form

State of Alaskaa Emergency Medical Services Unit
PO Box 110616, Juneau, AK 99811-0616
(907) 465-8234

Instructions: An applicant for EMT-3 training should complete all blocks in section A. Each line in Section B should be completed by the individual who witnessed the venipuncture. The witness must be an individual certified at the EMT-2 level or above, who is certified or licensed to perform venipunctures. The applicant must complete the ten (10) required venipunctures, eight of which must have been with catheter-covered needles, prior to entry into an EMT-3 training class. The original completed form must be returned to the Section of Injury Prevention and EMS. **A copy must be presented to your EMT-3 Instructor prior to enrollment in the class**. You will want to keep a copy of this form for your own records. **Applicants who do not complete the required venipunctures will not be accepted into EMT-3 training.**
